

Ghulam Mustafa

Robotics and AI Engineer | Data Scientist | Python Specialist | Public Speaker | AI/ML Developer | Workshop Facilitator | Technical Operations Lead | creative Strategist | Future-Technologist

About

I am a forward-thinking data scientist and AI/ML developer passionate about driving innovation, solving complex problems, and building intelligent solutions for the future. With hands-on experience in Python programming, robotics, and machine learning, I bring a dynamic approach to technology development. Whether leading workshops, mentoring future technologists, or engineering smart systems at BBSUTSD Khairpur Mirs, I am dedicated to creating meaningful impact. I thrive in collaborative environments, where creativity, ethics, and innovation come together to shape the next generation of tech.

Career

As an ambitious professional with a background in data analytics, AI, and data visualization, I strive to utilize technology to drive smart solutions and empower progress. My academic pursuit in Robotics & AI has given me a strong foundation in machine learning, intelligent systems, and real-time data applications, which I aim to incorporate into future-focused innovation.

My experience includes creating interactive dashboards, developing Python-based tools, and working on data-driven projects that simplify decision-making. I have a strong inclination toward bridging technical insight with real-world impact, using data storytelling and visualization to make complex ideas more accessible. These efforts reflect my passion for education, problem-solving, and ethical innovation.

With a proven record of developing dashboards, AI tools, and data-centric projects, I have honed key skills in data visualization, problem-solving, and cross-functional collaboration. From attending AI and analytics training programs to designing real-time reporting tools on topics such as performance metrics and user behavior, I bring a unique combination of technical insight and social responsibility.

I am committed to continuing my educational and professional growth, driven by a desire to

lead with innovation, integrity, and measurable impact. My vision is to utilize my diverse skills in analytics, automation, and visualization to create meaningful solutions and drive transformative progress across sectors. Through teamwork, learning, and ethical application of AI, I aim to build inclusive, data-informed strategies that empower individuals and improve community outcomes.

Core Competencies

- Data Visualization and Dashboard Development.
- Python Programming and AI Chatbot Creation
- Data Analysis, Insight Reporting & Trend Mapping
- Power BI, Excel Tools, and Metrics Interpretation.
- Time Management and Professional Networking.
- Problem Solving, Technical Writing & Innovation
- Advanced Skills in MS Office (Word, Excel, and PowerPoint).
- Project Management, Creativity, and Critical Thinki

Professional Experience

Data Analyst (Remote)

- **Digital Company**
- **Jan 2025 – May 2025**
- Analyzing data to uncover key business insights and trends.
- Creating reports and dashboards using SQL, Excel, and Power BI.
- Tracking KPIs to support data-driven decisions effectively.

Nutrition / Mobilizer

- **Shifa Foundation**
- **Sep 2023 – Sep 2024**
- *Collected and analyzed nutrition data to guide program strategies.*
- *Monitored health trends using Excel and basic reporting tools.*
- *Supported decision-making through accurate data tracking.*

Data Visualizer

- **Shifa Foundation**
- **May 2023 – Sep 2023**
- Conducted in-depth analysis to uncover trends and actionable insights..
- Processed and cleaned data using Excel, SQL, and Python.
- Created clear visual reports to support strategic decisions.

Computer Instructor

- **ICS Public School**
- **Jan 2022 – Jan 2023**
- *Taught computer basics and software skills to students of various levels*
- *Designed and Delivered Practical lessons on MS office , internet and typing*
- *Delivered practical computer training on MS Office, internet use, and typing to students of varying skill levels.*

Training and Certifications

- **Earned *Data Analyst Certification* from EDUCBA**, learning essential skills in data cleaning, analysis, and interpretation (2024).
- **Completed *Python Developer Training* at Smart Academy**, focusing on core programming concepts and hands-on project development (2022).
- **Participated in the *Young Writer Workshop* hosted by Lincoln Corner Khairpur**, gaining exposure to creative writing and storytelling techniques (2023).
- **Attended an *Advanced Python for Data Science Libraries* workshop** at IBA, focusing on NumPy, Pandas, Matplotlib, and advanced analytics (2024).
- **Completed *Python Developer Projects*** through the Kaggle platform, applying skills to real-world data problems (2025).
- **Acquired hands-on experience in designing databases** through Kaggle's *Database Creator Course for Data Projects* (2025).
- **Finished *MS Office Training* at Harvard Lingo Tech Academy**, covering Word, Excel, PowerPoint, and internet usage fundamentals (2024).
- **English Works Program (2023)**: Successfully completed a 6-month U.S. Embassy–sponsored initiative focused on 21st-century skills like communication, critical thinking, leadership, and digital literacy. Awarded a Gold Medal for outstanding performance. Gained hands-on experience in business communication, public speaking, entrepreneurship, and collaboration. Improved teaching and facilitation skills by leading peer sessions and engaging in workshops. Also completed certifications in MS Office, Creative Writing, Graphic Design, Public Speaking, and Freelancing, further strengthening my ability to lead, teach, and contribute in academic and community settings.
- **Graphic Design Course (2023)**: Completed a 3-month creative design program at

Lincoln Corner Khairpur. Developed practical skills in Canva, Adobe Photoshop, and visual storytelling. Gained hands-on experience designing social media posts, event posters, and infographics. The course also strengthened my aesthetic sense, layout design abilities, and creativity, which I now apply to community outreach and educational materials.

Education

Matric:

- Govt: Saint Theresas High School Khairpur: Complete SSC, Matric with (A1) grade
- Board BISE- SUKKUR.

Intermediate:

- Govt: Superior Science College Khairpur: Complete FSC, intermediate with (A) grade board BISE-SUKKUR.

Graduation:

- Benazir Bhutto Shaheed University of Technology and Skill Development,
- Khairpur Mirs. : Bachelor of Robotics and Ai (Hons), In Progress.

Personal

- Full Name: Ghulam Mustafa
- Father Name: Qurban Ali
- Date of Birth: 03-April-2005
- Nationality: Pakistan
- NIC Number: xxxxxxxxx
- Domicile: Khairpur Mir's
- Religion: Islam
- Email: ghustafasoomro828@gmail.com
- Mobile: 03063684828
- Address: Unar Colony Near Garipul Khairpur Mir's

Declaration

I Ghulam Mustafa, hereby declare that the information contained herein is true and correct to the best of my knowledge and belief.
